

Florida Judge Lauds "Big Jim" Folsom

Judge Ira A. Hutchison of Panama City, Fla., husband of the former Miss Theodosia Harris of Elba, writes in the Bay County (Fla.) Citizen:

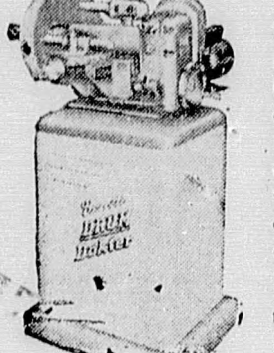

On the last Saturday night in August my brother and I were invited to dine with some old friends of Alabama and North-west Florida at Jolly Bay in Walton County. I do not know where or how Jolly Bay got its name away back in the latter part of the 19th century, but it has been known by that name as long as I can remember and perhaps much longer. The dinner was attended by the only occasion I ever heard of happening there.

The next Governor of Alabama and many other notables were invited to the dinner. There were intermarriages between the Folsoms and the Hutchisons. The first time I ever had the pleasure of conversing with Gov. Folsom was when he was in the office of the late Governor. I found he had on him a pair of trousers that he had worn in the days of his youth. He was a very friendly and pleasant man. He was a very friendly and pleasant man. He was a very friendly and pleasant man.

ELBIA PINNED IN TRUCK ALL NIGHT

Bernard McDonald, well-known young Elba man and an employee of Windham Packing Co., had a narrow escape from serious injury last Wednesday night.

Highway patrolmen reported that he lost control of the truck he was driving on the Ozark-Elba highway. The truck pitched into an 18-foot clay pit two miles from Echo.

McDonald was not rescued by passersby until the next day as they were unable to see the truck from the highway.

He was taken to Enterprise hospital where he was reported getting along nicely. The truck was considerably damaged.

ELBA HOST TO MYF LEADERS

The Youth Activities meeting in session at the Elba Methodist Church Friday, Saturday and Sunday was well-attended. The meeting closed Sunday night when the young people had charge of the evening service and Bobby Wingard of Montgomery delivered the message.

Outstanding out-of-town leaders were: Miss Wynell Jordan, president, Alabama; Miss Mary Ann Olden, Youth Council, Andalusia; Miss Marcia Mathews, president, Troy District MYF Council, Andalusia; Miss Martha Jane Sneed, treasurer, Troy District MYF Council, Troy; James Bedsole, chairman youth and Christmery; Bobby Wingard, president, Alabama Senior MYF, Montgomery.

Assembly of God Revival Underway

The revival meeting which started last Thursday night in a large tent located on the Opp highway on the C & S Lumber Co.'s grounds, is drawing large crowds, people coming from far and near.

Evangelist R. A. Sherrill, nationally noted minister is doing the preaching. The revival is sponsored by the Assembly of God churches of this section and a number of local ministers are participating.

A choir, vocalists and musicians furnish the music and lead the singing.

Divine healing is a prominent part of the services which begin at 7:30 each evening.

About People and Things

By C. B. McDowell

CHOO-CHOO FARRIS Under a large picture in Saturday's issue of the Montgomery Advertiser, the sports editor wrote: "Choo-Choo Harold Farris is one of the bright lights in the Troy State Teachers College football picture this year. A main stay on the Trojan squad, Farris runs from the fullback slot. He is expected to show his heels to quite a few would-be tacklers this season." Farris formerly was an Elba Tiger star.

YOUNG LOOKING—HONEST Rev. Elvin T. Edgar, pastor of the Elba Methodist Church relates an amusing incident.

When he handed the gatekeeper at the Elba-Brantley grid game at Brantley a dollar for admission, he was handed back 50 cents, being told that students were admitted for half a dollar.

After recovering from his elation at being judged so young, his conscience took charge and he returned the extra quarter to the gate keeper explaining he was a mature family man.

He said, however, he felt highly complimented at being judged so young.

THEY SHALL NOT PASS A few days prior to the Elba-Brantley football game, Elba's new assistant coach, Charles McCurley, whose duty is line coach, was warned that the Brantley Bulldogs were led by a big and tough all-state hattering runner who ran roughshod over Highland Home the previous week.

Mr. McCurley replied that Elba fans need have no fear on that score. He said his forward wall would hold Mr. Dempsey out of other ball carrier who tried to take liberties with it. Mr. McCurley made his statement good.

Although the highly touted Dempsey carried the ball times without number, he was held to a meagre yardage gain of 32 while the whole Bulldog team gained only 49 yards all evening.

Brantley made only two first downs, both in the final quarter against a liberal sprinkling of Tiger substitutes.

COTTON BLOOMING A very unusual sight is to be seen all over Coffee County. The cotton fields are as full of blooms as they were in July. The abnormally dry weather during the growing season prevented the fertilizers from dissolving and the showers of the past two weeks have caused it to dissolve and go to work.

The cotton fields in various sections of the county resemble flower gardens. As Damascus the area is especially pretty. Farmers say they believe if they can get a fair amount of moisture within the next week or so and frost will hold off through October, a good crop will have time to mature.

It is said that cotton bolls mature much more rapidly this time of year than earlier.

SERVED UNDER 6 MAYORS The many friends of Ernest (Pap) Owen were glad to see him up town Monday for the first time in a long time. He was confined in Enterprise hospital for several weeks suffering from pneumonia, high blood pressure, a heart ailment and other complications. He has been at home for several weeks and is slowly recovering.

Mr. Owen served the City of Elba as water and sewer superintendent for 36 years under the administration of six mayors. They were Nell Blocker, Moss Lee, J. N. Ham, R. L. Cooper, J. O. English and L. P. Mullins.

For many years Elba people thought of "Pap" Owen when they thought of anything in the plumbing line. But severe exposure, working in all kinds of weather and in uncomfortable places, finally took its toll. He would not "Pap" Owen in the Elba Assembly of God and had many friends. She was a daughter of Mary Clark and W. J. DuBoise.

Surviving are two brothers, W. G. DuBoise, New Brockton, and D. J. DuBoise, Elba, three sisters, Mrs. Elba Moxon, Enterprise, Mrs. Nola Hadwick, Branchfield, N. C. and Mrs. Annie Burdshaw of Headland.

Funeral services were held on Sept. 11 at the Elba Assembly of God Church, Rev. Ches. Grunaway officiating. Interment in Tabernacle cemetery, Hayes Funeral Home directing.

MISS MANDY DUBOSE Dies September 10

Miss Mandy Dubose, 71, highly esteemed resident of Elba, died Sept. 10 at the home of her brother, Rev. D. J. DuBoise, in West Elba, following a protracted illness. She was a devoted member of the Elba Assembly of God and had many friends. She was a daughter of Mary Clark and W. J. DuBoise.

Elba Trounces Brantley, 33-0, in Season Football Opener

For the past several years, Elba Tigers and Brantley Bulldogs have opened the season with a 30-yard shot from the line. This year the Tigers opened a week earlier this season and trounced Highland Home the week before, 27-7.

Because past contests have been closely contested and Elba has a new head coach in Pearson Gaither, the fact Brantley had a much-publicized back yarder in the game was not a surprise. Instead of it being a close tussle, it was a 33-0 rout with Brantley never seriously threatening to score.

The Elba forward wall was like a Gibraltar and threw back the Brantley assaults with monotonous regularity. The Bulldogs' efforts for the whole evening were limited to a few punts against Thomas Prescott, Bobby Farris and Rex Boutwell. Elba's defense was a wall of steel.

Brantley's longest run of the evening was a nine-yard run by Dempsey. The Bulldogs' only offensive play was a punt on their only possession.

Coach Gaither said that Tuesday morning that every man on the team made a fine showing and that it was a good omen for the future. He said that the team was in good shape and that they were ready for the future.

Membership Drive Started by Chamber

The membership drive for the Elba Chamber of Commerce was started Monday evening when the temporary board of directors met at the Elba Hotel. Dozier Roberts, chairman, said that the membership drive would carry for three days the information housing is available here. An attempt was made to list all vaccinees, houses, in case anyone was missed, he can get his apartment or house put on the "available list" without any charge by contacting Mrs. Oswald Dowling at the City Ice & Cold Storage plant office. Until a permanent set up is established, she will keep the records on housing.

Mr. Roberts also requested all inquiries for housing be referred to Mrs. Dowling. She in turn will contact a Chamber member.

Even before a permanent organization has been formed the Chamber of Commerce has gone to work for the town. Dozier Roberts said 50 mimeographed

Clipper Editorial Leads to Big Payroll for Crestview

To demonstrate what other towns in the South are doing to get additional payrolls in their communities the action taken by Crestview, Fla. business men will be traced in detail because this particular operation came about through an editorial printed in The Elba Clipper.

Several months ago the Tamco Corporation, which makes shirts for Montgomery Ward, Sears-Roebuck and other large national retail outlets, came to Elba with the proposition that they locate a plant in the town. They wanted a building which the community was to furnish. Elba turned the proposition down.

In commenting on the decision, The Clipper blamed no one, but sadly recognized the fact it would be difficult to raise \$50,000 to \$100,000 to construct a shanty. That's a lot of dollars in Elba.

George Ebel, wide-awake district manager for Glen Department Stores, read The Clipper editorial and carried it back to his base of operations in Crestview. He turned the clipping over to the Civic Improvement Council on Jan. 22, 1954.

The Council went into action immediately, checking on Tamco's financial ability, preparing brochures, collecting necessary statistics and data and seeking ways of providing a building for the company. This information was prepared and on Feb. 10, Roy Muskatko, president of Tamco, was contacted.

When his initial response proved favorable and requested more information, the new data was secured and forwarded to him along with pictures of a vacant plant which was offered as a permanent or temporary structure.

Meanwhile, 400 other communities in the Southeast were bidding for this large payroll that Elba turned down. They were stating their case, one of them (Samsco) most effectively. After about 60 days of correspondence and negotiations Muskatko accepted the proposition offered by Samsco. Thinking they had won another "dry run", the Civic Improvement Committee in Crestview released a builder and large

same weekend. By staging a sale or offering specials the same days, a large number of people in the trade territory will come into town to do their shopping. When they do get to town, they just don't go into one store and leave. Rather they shop around and do all their buying for that week.

Like last time, the top-flight Elba High School band has been asked to give a concert on the square Saturday afternoon.

It's a "good deal" all the way around. Buyers get extra values, merchants get additional volume and the town becomes better known as a shopping center.

Chamber of Commerce Goes Forward Enthusiastically

One of the most heartening actions witnessed by the writer during his four years in Elba is the enthusiasm shown by the temporary board of directors of the Chamber of Commerce. Tuesday of last week the group met, and besides dividing up the town for a membership drive, decided to get a listing of vacant houses and apartments and turn the list over to the proper office at Camp Rucker.

This "extra" was not required of them and meant additional work. However, they recognized the fact that personnel moving into the area now are mostly permanently hired civilians who will be at the camp indefinitely. Not to offer them a list of housing available right now would mean that they would be settled in Ozark, Enterprise and Dothan before they even knew Elba was on the map.

Men on the board of directors reasoned that if ten families from the camp could reside in Elba, it would be the equivalent of gaining a small industry for the town. It would mean ten families doing their shopping in local stores, additional enrollments in the churches and schools and more people to get behind civic projects. So the

board of directors is working, the enthusiastic participation of such Elba business veterans as John Taylor is most encouraging. Having survived depressions and bad crop years without a Chamber of Commerce, he still recognizes the vital influence exerted on a community by an organization of this kind and is willing to sacrifice his time for the betterment of Elba. If all the "old-timers" in the Elba business picture participate to the same degree as John Taylor, success of the Chamber of Commerce will be assured. They know it's a long hard row to hoe and have what it takes to stick to a job until it is finished.

Several Years Work Required to Get Plant at Guin

So that Elba won't be expecting miracles from the Chamber of Commerce, the job done by Guin, Alabama in securing a plant for their town should be reviewed.

Sunday The Birmingham News announced that the Minnesota Mining & Mfg. Co., St. Paul, Minn., was going to construct a \$350,000 plant with 75,000 square feet of floor space in that town. Various types of reflective products such as those used on automobile bumpers and highway reflective signs will be manufactured. Initial employment will be between 100 and 150 with expectations that the plant eventually will work many more.

Credit for bringing the new industry to Guin goes to Mayor Rex Wright of Guin, Rankin Pitts and Hugh Fife of Marion County, Gov.-Nominate Jim Folsom and Alabama Power Co. representatives who

Reaching 1472 feet into the clouds above New York City, the 102-story Empire State Building has long been regarded as one of the wonders of the modern world. More than a million persons each year visit the building's observation galleries on the 86th and 102nd floors to make it the No. 1 tourist attraction in the USA. The view of glittering New York at twilight from the tower has been described by Walter Winchell as "a look at the world's largest Christmas tree." Atop the building is a 22-story high, 60-ton tower from which seven of New York's television stations broadcast their programs to an area in which lives one of every ten persons in the United States.

Reaching 1472 feet into the clouds above New York City, the 102-story Empire State Building has long been regarded as one of the wonders of the modern world. More than a million persons each year visit the building's observation galleries on the 86th and 102nd floors to make it the No. 1 tourist attraction in the USA. The view of glittering New York at twilight from the tower has been described by Walter Winchell as "a look at the world's largest Christmas tree." Atop the building is a 22-story high, 60-ton tower from which seven of New York's television stations broadcast their programs to an area in which lives one of every ten persons in the United States.

CHEERING SCAD

We have a good cheering section this year. Leaders are Dale Jacobs, Christine Wilson, Evelyn Matthews, Myrtle Watley, Inez Rowell, Carolyn Hudson, Fatsy Patten and Gail Lunsford. With these girls leading us we should be able to SUPPORT OUR TEAM.

DRUM MAJORETTE

Pretty eighth grader Susan Murphree, daughter of Mr. & Mrs. L. B. Murphree, is the new drum majorette this year. She is musically inclined, playing the organ, piano, ukelele and clarinet. At the Methodist Church Susan is assistant organist.

Active in school and church work, the new majorette is a hard worker and is so talented we feel that she will be a good leader for the band. We feel sure that she will some day fill the place that Miss Miss Emma Jean Fuller left when she was graduated from high school last spring. Good luck Susan!

INFANT DIES: William Richard Hudson, infant son of Mr. & Mrs. William D. Hudson, Dozier Rt. 1, died at an Ochs hospital Sept. 22. Besides the parents he was survived by one brother, Lawrence, and four sisters, Mary Ellen, Sara Helen, Martha Ann and Myrtle Ruth. Funeral services were held Friday morning at Macedonia Methodist Church. Burial was in Macedonia Cemetery with the Southern Funeral Home of Ochs in charge.

"B" TEAM PLAYS: Coach Pearino Gaitner announced Monday morning that the Tiger and Enterprise "B" teams will meet Monday night at the Elba stadium. Kickoff is at 7:30. Admission 25c and 50c.

LINEMAN OF WEEK: With due respect to such outstanding linemen as Thomas Prescott, Nelson, Folsom and others, Coach Gaitner decided to give the nod to Roland Powell this week in his selection of an outstanding lineman.

Coach Gaitner said he selected Powell because of his all-around good performance plus two outstanding plays. He returned a kickoff to a point where but for a stupid blunder would have made a touchdown and then he raced from nowhere to intercept a pass which had an important bearing on the game. All of this was in spite of a bandaged hand which handicapped his ball handling.

Another pleasing feature Friday was the improved play of Flowers at quarterback.

About People and Things

By C. B. McDowell

RECOVERED: William Bullard Jr., who accidentally shot himself over two weeks ago has recovered to a sufficient extent to enable him to return to Kountze where he is stationed in the army.

SECOND CROP PROSPECTS: Prospects of a second crop of cotton which looked favorably last week in some sections of the county are fading because of the lack of rain. Some say there is time yet for a late top crop if it rains within the next few days. Farmers digging peanuts report extremely light yields. A number report they are digging the vines in the hay only and will not go to the expense of harvesting the few peanuts on the vines.

ON THE AIR: Rev. E. F. Edgar, pastor of the Elba Methodist Church, is on the air over WIRB, Enterprise, each morning this week from 9:15 to 9:30. He is president of the Coffee County Ministerial Association and directs the religious program over the radio station.

SHE'S A WHOPPER: Mr. & Mrs. Wayne Parker announce the birth of a daughter at Mobile Infirmary. In writing to his parents, Mr. & Mrs. J. W. Parker, Wayne stated, "She's a whopper, she weighs 5 pounds, 11 ounces."

Rev. & Mrs. Ben Johnson announce the birth of a daughter, Sept. 21. In reporting the event to his parents, Mr. & Mrs. Fred Johnson, Ben said, "The new baby, she's the prettiest little baby I ever saw. I mean sure, she's a whopper. The little miss has been named Evangeline."

LITTLE GIRL-BIG SHOW: Foyce Ann Bowdoin, 7-year-old daughter of Mr. & Mrs. Foy Bowdoin, furnished hilarious entertainment at the Elba-Luverne football game Friday night as a member of the Elba strutting majorettes.

Little Foyce's underpinning was too short to keep in stride with her larger colleagues, but she made up the deficiency by taking extra steps, all in perfect rhythm, her acrobatic stunts met with appreciative applause.

MARRIAGE LICENSE: A marriage license was issued from the Elba Probate office the past week to Willie Baldwin, 42, (col), Samson Rt. 1, and Charity Lee Smith, 41, (col), Samson, Rt. 1.

Elba Beats Luverne; Gets Test Against Opp Friday Night

The game Friday night at Luverne was well described by The Elba Clipper, so that it is identity can be published next week.

Starting the second period, Elba plunged through the line for five yards and a TD following a line exhibition of power and deception in which the Elba line took a large part of the credit. The try for point was no good.

Another scoring spurge was started by the Tigers as the second half got underway. During the third quarter Dyess made his second contribution to his team's score with a 17-yard dash into the end zone. He then went over for the extra point.

The Tigers scored their fourth touchdown in the closing period with Wise making a beautiful sprint of 25 yards to pay dirt. Jimmy Reeves plunged for the extra point and the score read, Elba 27, Luverne 0.

Marlin Dyess, although he gained over 100 yards that were put in the record book, was a "hard luck" guy. On two occasions he ran nearly the length

of the field for what would have been touchdowns except for a penalty that was called. On another occasion he caught a beautiful pass from Wise on the Luverne 8 which would have been a TD, but the play was called back on a holding violation.

Over 100 yards in penalties were called against Elba. The 1954 football season will open here with the Elba and five-5 yard penalties. Two clipping, three holding, off-sides and backfield in motion were the offenses.

Tom Prescott, Roland Powell, Bobby Folsom, Jack Brown and Jimmy Reeves were outstanding on the defense which held Luverne to a net yardage gain of 51 yards and four first downs. Elba gained 214 yards on the ground and 50 via the aerial route for a total of 265 and 13 first downs.

Coaches Gaitner and McGurley substituted freely in the second half. Both expressed themselves as being well-pleased with the replacements who made so much to a team the game is played today.

Elba's band and majorettes gave a fine performance. Indications point to a re-opening at the Elba stadium Friday night. The 1954 football season will open here with the Elba and five-5 yard penalties. Two clipping, three holding, off-sides and backfield in motion were the offenses.
